

CITY OF LODI

PUBLIC WORKS DEPARTMENT

COUNCIL COMMUNICATION

TO: City Council

FROM: City Manager

MEETING DATE: October 3, 1990

AGENDA TITLE: Contract Award for Sacramento Street Water Main Improvements, Lodi Avenue to 250 Feet North of Lodi Avenue, Alley East of School Street Wastewater Improvements, 150 Feet South of Oak Street

Project Data

Originally Budgeted: 1990, As Needed
Budgeted Fund: Water Capital Outlay (18.1)
Wastewater Utility (17.1)
Amount Budgeted: (18.1) \$14,000
(17.1) \$19,000
Total Project Estimate: \$33,000
Bid Opening Date: 9/26/90

RECOMMENDED ACTION: That the City Council award the contract for the above project to Phillips Backhoe Service in the amount of \$29,250.00.

BACKGROUND INFORMATION: This project corrects two deficiencies in the downtown area. The new 8" water main in Sacramento Street will provide better water pressure to the businesses in this block. These businesses are currently tapped into a 2" water main. When 221 South Sacramento Street washes cherries during the spring season, there is such a draw in the 2" City main that the other businesses have no water pressure. The new water main will eliminate this problem.

The City has also had an ongoing problem with a public wastewater main in the Post Office parking lot. A sag in this main cannot be fixed because it is located under a handicap ramp and a wall which was built with the Post Office remodel project. This project will reroute the upstream customers so that the City can abandon the problem wastewater main.

Plans and specifications for this project were approved on September 5, 1990. The City received the following three bids for this project:

<u>Bidder</u>	<u>Location</u>	<u>Bid</u>
Engineer's Estimate		\$27,790.00
Phillips Backhoe Service	Lodi	\$29,250.00
C.W. Superior Grading & Excavating	Lodi	\$40,224.00
Claude C. Wood Company	Lodi	\$57,870.00

Jack L. Ronsko
Public Works Director

cc: Purchasing Officer
Water/Wastewater Superintendent
